**RESEARCH INTERESTS:**

---

Pre K to college level leadership, adult learning, civility, equity and equality, and supports with at-risk underrepresented populations to stop poverty cycles.

Effective teaching strategies and supports for those exhibiting social skills deficits, theory of mind and executive functioning which preclude to anxiety and depression.

Understanding and analyzing the correlation of mentoring and graduation rates with at-risk underrepresented populations.

---

## RESEARCH EXPERIENCE:

---

Conducted a qualitative study regarding the effects of social deficits for those students historically diagnosed with Asperger's Syndrome. Twelve school psychologist participated in the study to determine their attitudes and recommended strategies to support students who are on the autism spectrum.

Reyes, J.M. (2014). *An Examination of Social Deficits and Recommended Practices for Individuals Historically Diagnosed with Asperger's Syndrome*. Dissertation, Doctoral Program in Educational Leadership at Fresno State, Kremen School of Education and Human Development, California State University Fresno, Fresno, CA.

A group research project to support the Fresno State Bonner Center for Character Education and Citizenship. Our research helped develop the most current criteria for the high school division. Our findings were presented at the Character Education Conference and Bonner Center board members.

Allison, Burchett, Grace, Reyes (2012). *Best Practices in Character Education in Central Valley High Schools*. Research Project, Doctoral Program in Educational Leadership at Fresno State, Kremen School of Education and Human Development, California State University Fresno, Fresno, CA.

Providing salient research to support El Dorado Park residents an academic pathway to Fresno State. El Dorado Park is a densely populated high poverty and crime community adjacent to CSU Fresno. Once deemed housing for students, the community over time has become low income housing. The project supported community efforts to increase educational pathways for its high low income population.

Allison, Grace, Reyes, Rizzo (2012). *El Dorado Project*. Research Project, Doctoral Program in Educational Leadership at Fresno State, Kremen School of Education and Human Development, California State University Fresno, Fresno, CA.
